As per the terms and conditions of the Preference shares, the preference shares will not be due for redemption before 10 (Ten) years and not later than 12 (Twelve) years from the date of allotment. Dear Sir,

Re: Limited Review Report of the Unaudited Financial Results for the quarter ended 30th June, 2021 and for the period from 1st April, 2021 to 30th June, 2021.

- We have reviewed the accompanying standalone unaudited financial results ("Statement") of OCL Iron and Steel Limited ("the Company") for the quarter ended 30th June, 2021 and for the period from 1st April, 2021 to 30th June, 2021 being submitted by the company pursuant to the requirements of Regulation 33 of the SEBI (Listing obligations and Disclosure Requirements) Regulations, 2015 ("the Regulations"), as amended from time to time and read with relevant circulars issued by the SEBI ("the Listing Regulations").
- Corporate Insolvency Resolution Process ("CIRP") has been initiated against OCL Iron and Steel Limited vide an order of Cuttack bench of the National Company Law Tribunal ("NCLT") dated September 20, 2021 under the provisions of the Insolvency and Bankruptcy Code, 2016 (Code). - The Statement has been signed by Mr. Sanjeev Agraj (Director) of the Company and taken on record by Mr. Vijaykumar V. Iyer (Resolution Professional).
- This Statement which is the responsibility of the Company's Management and has been approved by the directors of the Company and taken on record by the RP in their meeting held on 1st September 2022 has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" (Ind AS 34), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued there under and other accounting principles generally accepted in India. Our responsibility is to issue a report on the Statement based on our review.
- We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing specified under Section 143(10) of the Act, and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis of Qualified Conclusion

- As a result of the company's ongoing losses, its reported net worth is negative as its total liabilities exceed its total assets. This situation indicates that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. The accounts, however, have been prepared by the management on a going concern basis for the reason stated in the aforesaid note., We are unable to obtain sufficient and appropriate audit evidence regarding management's use of the going concern basis of accounting in the preparation of the financial results, in view of ongoing CIRP and matters pending before regulatory authorities, the outcome of which cannot be presently ascertained.
- As per "Indian Accounting Standard 36" which talks about impairment of asset, if the carrying amount of the asset is more than recoverable amount then asset need to be impaired and as per "Indian Accounting Standard 109" on financial instruments which also contains provisions of impairment of financials assets through expected credit loss method basis these provisions we were required to seek for any impairment obligations from management but since the corporate debtors is still under the process CIRP and resolution professional and committee of creditors are in the process of finalization successful resolution applicant and the management has not determined value in use, thus impairment of Fixed Assets including Capital Work In Progress

advances given to related parties, accordingly we are unable to ascertain the effect of the same on the Financial statements.

- For the same reasons as stated above, the Management has not stated the inventories at the lower of cost and net realizable value but has stated them solely at cost, which constitutes a departure from the Indian Accounting Standards prescribed under section 133 of the Companies Act, 2013. However, we could not ascertain the confirmation about the existence and technical obsolescence of inventory.
- The certainty about the realisation of unused tax losses and MAT credit available cannot be determined at this time due to the continuing corporate insolvency resolution process. As a result, the applicable MAT credit and adjustment to deferred tax (net) have not been taken into account.

Emphasis of Matter:

- Trade receivables, loans & advances and other recoverable at June 30th, 2021, which also includes balances from group entities pertaining to prior years, are subject to confirmation/reconciliation and currently recoverability is not ascertainable.
- Previous Year Comparatives
 - ✓ The previous year's financial statements have been audited by a firm other than Mukeshkumar Jain & Co.
 - ✓ The term of redemption of preference shares (2% non-cumulative, redeemable) was inadvertently mentioned 18 (Eighteen) years instead of 12 (Twelve) years in the previous Financial Statements, which is now being rectified as 12 years (original term period of redemption of preference shares). At the time of First adoption of Ind AS, (i.e., financial year ended 2015) the company had erroneously determined the financial liability in case of Preference Share Capital based on an 18 Year redemption period. Being a Material error, the Equity and Liability component of Preference shares along with interest on Liability component has been re-measured and therefore given effect in the restated annual accounts for the financial year ended 31 March 2021.
 - ✓ The company uses the straight-line depreciation approach. The company identified significant flaws in the straight-line method's depreciation computation in past years, which has been corrected and reflected in the restated financial accounts.

Qualified Conclusion

Based on our review conducted as above, no matter other as stated in Basis for Qualified Conclusion, has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards i.e. Ind AS prescribed under section 133 of the Companies Act, 2013 read with relevant rules issued there under and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulations 33 of the SEBI(Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), including the manner in which it is to be disclosed, or that it contains any material misstatement.
